

Proposed options

How services could be arranged differently in the future, the proposed options that we are consulting you about:

Option 1

- Combine all hyperacute and acute stroke care at Sunderland Royal Hospital
- Patients from both South Tyneside and Sunderland will have their continuing hospital-based rehabilitation at Sunderland Royal Hospital before being discharged to their local community stroke teams who will provide any further rehabilitation and support locally

Option 2

- Combine all hyperacute and acute stroke care at Sunderland Royal Hospital
- After **seven days** patients who live in South Tyneside can be moved to South Tyneside District Hospital for continuing in hospital rehabilitation before being discharged to their local community stroke rehabilitation team for support locally
- Sunderland patients will continue to receive their stroke rehabilitation care at Sunderland Royal Hospital before being discharged to their local community stroke rehabilitation team for support locally

Option 3

- Combine all hyperacute stroke care at Sunderland Royal Hospital
- After **three days** patients who live in South Tyneside can be moved to South Tyneside District Hospital for their acute stroke care and continuing in hospital rehabilitation before being discharged to their local community stroke rehabilitation team for support locally
- Sunderland patients will continue to receive their acute stroke care and in hospital rehabilitation care at Sunderland Royal Hospital before being discharged to their local community stroke rehabilitation team for support locally
